DEFINITIONS

Standard Digital Study Model –

Digital model with bases and 2.75" height which have minimal flaws, based on the quality of the original hard model or impression provided.

Progress Digital Study Model –

Digital model with bases and 2.75" height which have no correction of flaws included in the original hard model or impression provided.

Board Quality Digital Study Model –

Digital model with ABO standard base and 1/3-2/3 proportioned height with correction of flaws occurring in the original hard model or impression.

Hard Model –

Model poured in any stone or plaster, any color, with or without bases.

Impression –

Although any impression material may be used, most accurate results are obtained with VPS materials.

Return Fee –

NorthStar will pick up the cost of receiving your hard model or impression for the creation of digital models. There will be a fee for a request to return models or impression trays unless an appliance has been ordered at the same time.

Resin Model –

All resin models will be constructed with bone colored material. Other materials are available but at a considerably high fee.

Software –

3Shape Viewing software is provided at no cost to the client. There are two OrthoAnalyzer software upgrades available to our clients at our cost which allow varying amounts of measurement and analysis.

Data Storage –

NorthStar has a system of data storage that allows clients to enter their secure file through our website and view models for any patient in the system. This file is professionally backed up online and archived periodically. Past records will never be destroyed.

Email delivery –

An email of the patient record file will be sent to the address kept on file the same day the digital model is created.

Web Portal Delivery –

NorthStar encourages use of this method for security and backup reasons.

CD Delivery –

NorthStar can create a CD of up to 20 cases to physically ship to the doctor's office.

Note: NorthStar Orthodontics, Inc. reserves the right to adjust prices without notification. Payment terms - Net 30 days.
