

## It's made to last...

**Y**our dental appliance was carefully designed and precisely handcrafted to meet your orthodontic needs. With proper care, this appliance should last throughout your treatment.

- Clean it regularly, as you would your teeth.
- Keep it in the carrying case whenever it is out of your mouth.
- Family pets love them! Keep it out of their reach.
- Avoid wrapping it in tissue during meals as it can easily be thrown away.
- Follow your doctor's instructions carefully.

## However... accidents happen!

**P**rotect yourself against costly repairs and replacements by enrolling in the Appliance Protection Plan.

.....

### **Appliance Protection Plan**

- **FREE** replacements of one appliance per year.
- Discounted charges on subsequent losses.

**Ask your doctor for details about this valuable Appliance Protection Plan!**
